

MRI - The Inside Story

from Picture to Proton and beyond...

16-18 MAY 2023 Basic level Online
12-14 SEPT 2023 Intermediate level

OVERVIEW

The May course is over three days aimed at the novice and inexperienced MRI practitioner or for those who want a refresher of the basics.

The Autumn MRI course is a three-day course aimed at the intermediate level and is designed to meet the staff needs by providing the necessary underpinning knowledge, confidence and motivation to support them in their everyday clinical environments. The September course will be delivered live in the classroom and delegates who cannot attend will be able to attend virtually.

For both courses, you will receive the new textbook MRI from Picture to Proton (3rd Edition)
