

MRI Safety First!

12-13 May 2026

8-9 September 2026

Classroom and online options

Eden Learning's **MRI Safety First!** course has grown to meet the needs of healthcare professionals working in MRI.

For 2026, the May course will be delivered online and the September course will be delivered at The Holiday Inn, Kensington, London.

This comprehensive course spans two days covering all aspects of MR safety: biological effects arising from the newest technology, dealing with passive and active implants, implications from recent gadolinium contrast agents research, the requirements of national and international standards, and conducting MR risk assessments.

Interactive sessions will explore roles and responsibilities in MR safety, MR suite design, and how to develop an MR safety framework.

Delivered by recognised experts in the field, the course is aimed at radiographers, radiologists, physicists and researchers with an interest in MR safety.

12-13 May	Online	£415+VAT
8-9 September	Live in London, The Holiday Inn, Kensington	£465+VAT
