

Radiographic Assistants

CT and MRI Study Days

12 March 2024	CT Day
13 March 2024	MRI Day
26 November 2024	CT Day
27 November 2024	MRI Day

Day one is dedicated to CT and day two is dedicated to MRI.

You can attend either day or both days depending on your interest and availability. This course is aimed at expanding and updating the knowledge of Radiographic Assistants/Clinical Imaging Assistants, support workers and admin staff based in MRI or CT departments. It is designed to provide a valuable insight into the roles of the various clinical teams, encourage best practice and help you further support your clinical staff. Lectures are delivered by experienced clinical radiographers.

Course Content *Topics include:*

Day One : CT

CT technology and terminology
Clinical Terminology
CT patient positioning
CT images, anatomy/pathology
Radiation safety
CT contrast agents and pump injectors
Role of CT in imaging

Day Two: MRI

Overview of MRI
MRI Safety
MRI patient and coil positioning
Claustrophobia
MRI anatomy/pathology
MRI contrast agents
Role of MRI in imaging

Online price: £175/day + VAT
